

Power that **doesn't quit**, built for the way Kenya actually uses it.

Four standardised solar + storage packages on one modular platform. Designed, installed, and maintained by the same regional engineering team for five years. Pick the tier your loads need, not the tier the brochure pushes.

LICENSED

EPRA EPC + O&M contractor

ON THE GROUND

Engineering hubs in six cities

COMMITMENT

Five-year service on every install

THE LINE-UP

Find your package by who you are and what you run.

	Starter ENTRY	Family WHOLE-HOUSE	Commercial SIZED TO SITE	Commercial Plus EV ANCHOR-GRADE
